Re: Reference letter

To Whom It May Concern,

I hereby certify that Fiel Ready is an active member of the Humanitarian-to-Humanitarian (H2H) Network, who brings together organisations who provide independent, specialized services in the field of humanitarian action.

I also hereby certify that Field Ready has successfully implemented the project *“Building Resilient Healthcare Systems in Northwest Syria”* which covered the period from 15th March to 15th August 2023. The project was funded by the H2H Network as part of the H2H Fund Activation to support the emergency response to the earthquake that devastated Turkiye and Northwest Syria. Field Ready implemented all the project activities effectively, on time and with a high level of quality. Ultimately, Field Ready’s project had clear and demonstrable results on the capacity of local healthcare facilities to provide healthcare to the earthquake-affected population, as demonstrated in an independent evaluation commissioned by the H2H Network.¹

Should you require further details or wish to discuss their contributions to the humanitarian response in Northwest Syria in more depth, please do not hesitate to contact me.

Yannick Creoff
H2H Fund Coordinator
